

MeDrive *Video*

320GB HDD Media Player

(HV355U-320 | IM SKU# K43899)

The MeDrive Video allows for video download through a PC's USB port and immediate TV playback through the built-in audio/video connections. This HDD Media Player saves time and the hassle of burning downloaded contents to disk before viewing on a TV. With the HV355, there's no burning required; just download and immediately play back.

FEATURES

- Download video through PC and immediately playback on TV
- Sharing video, audio, and photos anywhere with family, friends, or when traveling
- Compatible with most media file formats
- "DVD on HDD" playback feature, user-friendly remote control with on-TV-screen navigation
- The most powerful **DivX** subtitle display feature
- Supports both **FAT32** and **NTFS** file systems
